

Shakin' Hands With The Holy Ghost

Blackberry Smoke

Split the night wide open
I ain't got nowhere to go
Yeah my baby's howlin' at me
Yeah she's tearin' up the floor

We got the Tennessee champagne
Feelin' moonshine fine
Yeah my Johnson City baby
Yeah she helps me draw the line

As the crow flies baby
Gonna get me up on time
Gonna light me up
Yeah like the 4th of July

Everybody knows
Baby take it slow
Feel just like I'm singin with the heavenly host
Everybody says
Everybody knows
Just like shakin' hands with the Holy Ghost

She got the stuff that I need
Keeps me comin' back for more
I ain't ever gonna break away
Got a hook in me for sure

As the crow flies baby
Gonna get me up on time
Gonna light me up
Yeah like the 4th of July

Everybody knows
Baby take it slow
Feel just like I'm singin with the heavenly host
Everybody says
Everybody knows
Just like shakin' hands with the Holy Ghost
Alright, mhmhm yeah

Everybody knows
Baby take it slow
Feel just like I'm singin with the heavenly host
Everybody says
Everybody knows
Just like shakin' hands with the Holy Ghost

Everybody knows
Baby take it slow
Feel just like I'm singin with the heavenly host
Everybody says
Everybody knows
Just like shakin' hands with the Holy Ghost
