

Sure was good

Blackberry Smoke

Having bad luck ain't no crime
Lord knows I've rolled boxcars in my time
But it sure was good
It was good as it could be
Yeah, it sure was good
It was good enough for me
Yeah, it sure was good
It sure was good
I've been in places I don't belong
I sometimes felt like I was too far gone
But it sure was good
It was good enough for me
Yeah, it sure was good
Nearly knocked me off my feet
It sure was good
It sure was good
It sure was good
Sometimes easy, sometimes not
I hope I did the best with what I got
Yeah, it sure was good
Yeah
Sometimes easy, sometimes not
Hope I did the best with what I got
Yeah, it sure was good
Yeah, sure was good
Yeah, sure was good, yeah, was good
Now, sure was good, yeah
Yeah
