

## Sense Of Insanity

Blackfield

Mother have you seen the world today?  
They're shooting all over town  
I'm a sinner  
I'm not the one you prayed for  
Doesn't matter I'm still alive

I was walking on the clouds  
You got to be brave if you want to have crowds  
Dreams guide me to the mountain  
I was standing like a priest with his ancient bible  
I was preaching the seanse of insanity

Brothers let's get down to the streets  
Sure there's something you want to say  
They won't hear you  
Like they never did  
All you heroes ran away

I was walking on the clouds  
You got to be brave if you want to have crowds  
Dreams guide me to the mountain  
I was standing like a priest with his ancient bible  
I was preaching the seanse of insanity

Dreams guide me to the mountain  
I was standing like a priest with his ancient bible  
I was preaching the seanse of insanity
