A Legend Never Dies

You know we could last forever Together 'til the end of time An everlasting love just like the stories go We'll make history you and I A legend never dies

Tonight is the beginning Our once upon a time Like the stars we'll always light the sky Like the heavens you and I And a legend never dies A legend never dies, na, na, na, na

Some things were meant to live on and on That's how a legend survives Na, na, na, na, na, na, na A legend never dies

Yeah, we'll spread our wings and fly forever 'Cause a legend knows no time And just like the stars we'll always light the sky We'll make history you and I A legend never dies na na na na

Some things were meant to live on and on That's how a legend survives We'll live on and on Oh, a legend never dies

We'll live on and on That's how a legend survives Na, na, na, na, na, na, na A legend never dies
