

Heartbeat and Heels

Blackfoot

Sound of my bootheels
Against the street
I'm on my way back to you
Across the city
Hear the sound of my heartbeat
Oh baby I hope that you do

I'm through with the talkin'
It's time I started walking
To where you are

I don't care how far
I hope you're in your bed tonight
I know it's far, I wish I had a car
Our love is right but money's tight

Heels against the sidewalk
I sure don't need no bad talk
From the street

Heartbeat and heels, all night and day
Heartbeat and heels, baby
Heartbeat and heels
Comin' back today to stay
