

## Heartbeat and Heels

Blackfoot

Sound of my bootheels  
Against the street  
I'm on my way back to you  
Across the city  
Hear the sound of my heartbeat  
Oh baby I hope that you do

I'm through with the talkin'  
It's time I started walking  
To where you are

I don't care how far  
I hope you're in your bed tonight  
I know it's far, I wish I had a car  
Our love is right but money's tight

Heels against the sidewalk  
I sure don't need no bad talk  
From the street

Heartbeat and heels, all night and day  
Heartbeat and heels, baby  
Heartbeat and heels  
Comin' back today to stay
