

## My Wild Romance

**Blackfoot**

She don't live on a straight line, loves to tread on the danger  
zone,  
Got to have a good time, doesn't like to party alone.  
Only drives a fast car, loves to scare me half to death!  
We always seem to go too far, sometimes it's hard to catch my b  
reath.

Oh, you wanna hold her and control her  
She does anything she wants.

My wild romance, my wild romance.

Now the girl don't want no chaperone, she's much too wild for t  
hat,  
So wound up she's got to roam, got the moves of a jungle cat.

Oh, you can't control her, no way to hold her  
She does anything she wants.

My wild romance, my wild romance, and  
I'm so glad that I've really took the chance, cause she's  
My wild romance.

[Repeat Chorus]
