

Ride With You

Blackfoot

I'm dyin' to get out of this town
I'm never comin' back
Gonna take you just as far as we can go
No use in pretendin'
We done all we can do
Gonna live our dreams
Just like a picture show

I wanna ride, ride, ride with you
I wanna ride, ride, ride with you
I wanna keep on ridin'
Till my dreams come true
I wanna ride, ride, ride with you

Well the road is never ending
Like a line that's ever bendin'
And the white lines on the road
Can hypnotize
I've been here forever
And I know I'm going nowhere
I wonder why it took so long to realize

I wanna ride, ride, ride with you
I wanna ride, ride, ride with you

Gonna live like no tomorrow
Beg steal or borrow
We'll take everything we've never had

Oh oh ride, ride, ride with you
