

Street Fighter

Blackfoot

Ah yeah
Yeah hah

Well, here he comes man of the slums
Walk the streets of the ghetto
Well I beg your time
Take what you find
Before this thing gets old

(Street fighter)
Well he fights for what he's been told
(Street fighter)
Can ya get there now hooooold

Well I know it's hard
Someday you'll go far
Told ya I could beat your crew
If hard times drive you crazy
I know you're not lazy

Someday it'll happen just for you

(Street fighter)
Well he fights for what he's been told
(Street fighter)
And he's driven out of control

Yeah street fighter
Well he fights for what he's been told
He's such a fighter
And ya can't blame that on a home

Street fighter
And he fights for what he's been told
Street fighter
And he's driven out of control
