

Summer Days

Blackfoot

Summertime's here, everybody's happy
Another Winter's come and gone
Give me, some baby moons
For my '55 Chevy
Oh these crazy Summer days
Well I stopped by the market, yes I did
Had a peach or two well they taste
So good I forgot where I was goin'
Oh these crazy Summer days
Don't you love these lazy Summer days

Now up in the north they're sailin'
Out in the west they're doin' fine
Yes they are, oh in the south
They're holdin' onto memories
Of all these lazy Summer days

Well I feel so good
Think I'll keep singin'
Of a time that's come and gone, yeah
Don't you just wish this could last
Forever, all these crazy Summer days
Don't you love these lazy Summer days
All these crazy Summer days
Oh I love these lazy Summer days
Don't you need these
Crazy Summer days
All these lazy Summer days
