Goin' Down Fightin'

BlackHawk

The word I've heard is you're a real heartbreaker.
It's a matter of time till I get burned.
Well that might be right,
'Cause when I'm holdin' you tight
I feel your temperature rise.
I see right through your disguise.
I found what I want, and now I won't give up.

[Chorus]
I'm goin' down; I'm goin' down fightin'.
Nobody's ever gonna say I took it on the chin.
I've been around, and I know what I'm up against.
Girl, we're not playin' a game that I can't win.
I'm goin' down fightin'.

Mistakes, bad breaks, a history of heartaches,
Ain't enough to make me walk away.
I'm here, no fear,
And even though I know we're
On the edge of a real disaster,
But I'm sure of what I'm after.
The harder I fall, the faster I get up.

[Chorus]

We're bound by this love that we made;
I swear, girl, I'm not afraid.
Whatever it takes, I'm never gonna give you up.

[Chorus]

I'm goin' down fightin'.
