

## Again Someday

**Blackmore's Night**

Now you're gone  
We're left to carry on  
Though the night seems twice as long  
And here within my heart  
I don't feel very strong  
But we will meet again

Now you're gone  
We're left to carry on  
In the wind I hear your song  
With every passing hour  
I'm feeling more alone  
But we will meet again  
Someday
