

# That's All I've Got To Say About That

Blaine Larsen

I don't have too much to say  
About most things anyway  
The weather's cold or it's hot  
It's either wet or it's not  
I'm no expert on life  
I just try to do right  
I'm a man of few words  
Since you asked about her

Oh, I love her and I need her  
I'll do anything to please her  
Cause I'd like to see her smile  
And watch her eyes light up  
Just like the morning sun  
The day I met her I knew I never would forget her  
So I bought a ring and put it on her finger  
And I promised to my heart forever more and I would never take  
it back  
And that's all I got to say about that

I'm just quiet I guess  
Ain't got much on my chest  
Try to keep a good name  
I stay dry when it rains  
Fish bite but they don't  
But if you talk and they won't  
So I'm saving my breath  
For something worth being said

Like I love her and I need her  
I'll do anything to please her  
Cause I'd like to see her smile  
And watch her eyes light up  
Just like the morning sun  
The day I met her I knew I never would forget her  
So I bought a ring and put it on her finger  
And I promised to my heart forever more and I would never take  
it back  
And that's all I got to say about that

I promised to my heart forever more and I would never take it b  
ack  
That's all I got to say about that
