

# Doing It to Country Songs

Blake Shelton

My alarm clock is a radio  
95.5 gets me ready to go  
I'm heading to my job, drinking coffee strong  
And I'm doing it to country songs  
Around oh, 5:30 my buddies and I  
Hit the watering hole 'cause our whistles are dry  
Drinking beer, shooting pool, man you can't go wrong  
Doing it to country songs

I like doing it to country songs  
I like doing it to country songs  
Doing it to country songs  
Doing it to country songs

Well I call up my baby, she says come pick me up  
I take her out dancing in my pickup truck  
We rub them belt buckles 'til they shine like chrome  
Doing it to country songs

She likes doing it to country songs  
She likes doing it to country songs  
Doing it to country songs  
Doing it to country songs  
Yup

Oh haha, son, that's doing it right there

Yeah, we like doing it to country songs  
We like doing it to country songs  
Doing it to country songs  
Doing it to country songs  
Everybody, doing it to country songs  
We like doing it to country songs  
Doing it to country songs  
Doing it to country songs

(Yeah, hang in there)  
Doing it to country songs  
(Oh, man I love doing it)  
We like doing it to country songs  
(To country songs)  
Doing it to country songs  
Doing it to country songs  
(Let me show you how to do it)  
(You do it to country songs, that's how you do it)  
Doing it to country songs  
I love doing it to country songs  
(Don't you love doing it?)  
Doing it to country songs  
Doing it to country songs  
Yeah, woo  
(That was great)
