

# Get Some

Blake Shelton

You get up  
You get coffee  
You get paid  
You get off  
You get gas  
You get beer  
You get drunk  
You get weird  
You get drove home  
You get up thrown  
You get hungry  
You get chicken  
Your guitar needs pickin'  
You get tan  
You get pale  
You get sick  
You get well  
You get dressed up  
You get messed up

Everybody say, God almighty it's Friday  
Everybody gets sideways to have a little fun  
Everybody's livin'  
Everybody's tryin'  
Everybody's dyin'  
To get some

You get lost  
You get saved  
You get waxed  
You get shaved  
You get high, real high  
Forget your next line  
You get drive-through, dollar menu

Everybody say God almighty it's Friday  
Everybody gets sideways to have a little fun  
Everybody's livin'  
Everybody's tryin'  
Everybody's dyin'  
To get some

You get the girl  
You get the one  
You get her home  
You getter done  
You get hitched  
You get mad  
She gets a lawyer  
She gets half  
You get banged up  
You gotta raise up  
That red Dixie cup

And everybody say hey, God almighty it's Friday  
Everybody get sideways to have a little fun  
Everybody's livin'

Everybody's tryin'  
Everybody's dyin' to get some  
Everybody's dyin' to get some  
Dyin' to get some
