

# Go Ahead and Break My Heart

Blake Shelton

The sun is setting on your last good try  
Here I am again with half a goodbye  
Wonder if you're really gone this time  
Just when I'm about to lose my mind  
There you are again on my phone  
The moon is rising and you're all alone  
Maybe we could just hang a while  
Maybe we can make each other smile

Oh no, here I go

Why don't you go ahead and break my heart?  
Why are you waiting, is it way too hard?  
If moving on is what you wanna do  
Why don't you do it? Why don't you do it, baby?  
You can't tell me that we'll still be friends  
And maybe someday we can try again  
If you really need a brand new start  
Why don't you go ahead and break my heart?

I'd never ever meant to get so into you  
Thought I was using you just to get me through  
You know I'm broken, I don't trust anyone  
Last thing I needed was to fall in love  
You've got me dreaming, got me thinking, I've got some hope  
There is nobody else I wanna get to know  
But I'm so scared, I don't know what to do  
How did you get me so into you?

Oh no, here I go

Why don't you go ahead and break my heart?  
Why are you waiting, is it way too hard?  
If moving on is what you wanna do  
Why don't you do it? Why don't you do it, baby?  
You can't tell me that we'll still be friends  
And maybe someday we can try again  
If you really need a brand new start  
Why don't you go ahead and break my heart?

There's your reasons  
There's your cards  
What are you waiting for?  
Go on and break my heart

Yeah, you can't tell me that we'll still be friends  
And maybe someday we can try again  
If you really need a brand new start  
Why don't you go ahead and break my heart?  
Oh, go on and break, go on and break my heart  
Go on and break, go on and break my heart
