

# Gonna

Blake Shelton

Watch this, woo

I'm gonna take you for a date, take you for a ride  
Gonna get you over there on the passenger side  
I'm gonna put the radio on your favorite song  
I'm gonna crank it on up an get you singing along

Hey hey (hey hey), alright (alright)  
Girl, I'm digging on hitting on you tonight  
And then maybe it's, hoping I, wishing I, wanna  
It's a damn right, hold you tight, baby I'm gonna

So what's it gonna take? What's it gonna be?  
We can bump it on the boulevard or kick it in the country  
Me and you, you and me, money back guarantee  
Love you every night in Daytona, I'm gonna

Hey hey (hey hey), alright (alright)  
Girl, I'm digging on hitting on you tonight  
And then maybe it's, hoping I, wishing I, wanna  
It's a damn right, hold you tight, baby I'm gonna

Love you all night long, til the crickets stop chirping  
Girl, I ain't just flirting, I'm certain  
I'm working on a long term plan, gonna be your man  
Gonna put a little rock steady on your hand

Hey hey (hey hey), alright (alright)  
Girl, I'm digging on hitting on you tonight  
And then maybe it's, hoping I, wishing I, wanna  
It's a damn right, hold you tight, baby I'm gonna

Hey hey (hey hey), alright (alright)  
Girl, I'm digging on hitting on you tonight  
And then maybe it's, hoping I, wishing I, wanna  
It's a damn right, hold you tight, baby I'm gonna

Hey hey (hey hey), alright (alright)  
Whoa, hey hey (hey hey), alright (alright)
