

# Lonely Tonight

Blake Shelton

I never thought you'd pick up the phone  
It's Friday night you should be out on the town  
Didn't think you'd be  
Sitting at home all alone like me

Nothing on TV, nothing to do  
Nothing to keep my mind off you and me  
And the way it was  
Are you thinking 'bout it now because...

...I could be there in five?  
One more, one last time

We don't have to be lonely tonight  
(Need you, want you, I'm right here)  
We don't have to be lonely tonight  
(I know we shouldn't, but I don't care)  
I don't wanna be right, I don't wanna be strong  
I just wanna hold you 'til the heartbreak's gone  
When the sun comes up, we can both move on  
But we don't have to be lonely tonight

That taste, that touch, the fire I miss  
Those "kiss-me" eyes, your red wine lips on mine  
Like it used to be,  
Baby, I want you, and you want me

We don't have to be lonely tonight  
(Need you, want you, I'm right here)  
We don't have to be lonely tonight  
(I know we shouldn't, but I don't care)  
I don't wanna be right, I don't wanna be strong  
I just wanna hold you 'til the heartbreak's gone  
When the sun comes up, we can both move on  
But we don't have to be lonely tonight

I can be there in five  
One more, one last time

We don't have to be lonely tonight  
(Oh, I need you and I'm right here)  
We don't have to be lonely tonight... tonight... tonight  
Yeah... yeah.
