

# Over

Blake Shelton

If I could  
I would dare  
Feed your dreams  
And starve your fears  
If I could  
Light the world  
We could sit  
And watch it burn  
We could fall asleep inside the glow

So tell me what I gotta do to win you over  
You'll never have to wonder if you need another  
You'll never have to wonder if I understand  
And every time you reach for me you'll find a hand out  
Oh

If I could  
Take you in  
Feeling you deep  
Beneath my skin  
Then I could  
Slip away  
With you as a poison in my veins  
I don't wanna fall asleep alone  
And wake up knowing that I died without the one

[Repeat: x2]

So tell me what I gotta do to win you over  
You'll never have to wonder if you need another  
You'll never have to wonder if I understand  
And every time you reach for me you'll find a hand out  
Oh

If I could  
I would dare  
Feed your dreams  
And starve your fears
