

Chelsea girls have short hair
oxblood docs and jeans of blue
watch out boys, she's after you
with a Fred Perry shirt and
a green flight jacket
that funny girl, she's causin' a racket
listening to blitz and the four skins
vespa scooters not safety pins
always with a drink in hand
or else she pogos with the band

[Chorus:]

Chelsea girls are everywhere
chelsea girls say Oi! Oi!
chelsea girls like skinhead boys
She's not a hippie spreadin' peace and love
don't give a fuck about the heaven above
she's just a skin shoutin' Oi! Oi!
can't even play makin' lots of noise
listening to blitz and the four skins
vespa scooters not safety pins
always with a drink in hand
or else she pogos with the band.

[Chorus]
