Pleased to meet a, sez the man in the suit  
contract in hand what ya gonna do  
your image will sell if it's just done right  
just sign on the line, dont put up a fight  
Piranha in the ocean eatin' you alive they've taken control can  
you survive  
Look in the mirror, now what do you see  
who's the fool looking back at me?  
money's gone and so's the fame  
don't look far to see who's to blame.
