## As If

Uh, uh, uh, uh, uh

Yo, yo (ooh yeah) Let me explain this to you See I'm not gonna let you run me How we're gonna do it is... I'm gonna run you

You, you've got a lot of nerve I guess you haven't heard I'm doin' fine out here on my own You, you think that you can come Around here for some fun But boy you've got a lot to learn

Don't shake your head from side to side Saying that you've changed enough That you see the light Cause you just say what you say And want your way And it's that game that you play It's a little late

As if I'm ever gonna take you back As if It's ever gonna come to that So see you 'round, wave goodbye Be a bird pass me by As if I'm gonna let you break my heart again As if I'm gonna let your love back in my life Not tonight, get a grip Baby as if

Come on (oh, oh) come on (Oh, oh, oh, oh) Uh-huh, uh-huh, yeah (Oh, oh)

You seem to think that I (I) Ain't got no sense of pride (Pride) Well boy you got a weird perception now (Yo) Of what it is to love (Love) And I am sure because (Because) You got the look of desperation

Don't shake your head from left to right Saying that you will when you won't ever see the light And you just say what you say and want your way And it's that game that you play It's a little late

As if I'm ever gonna take you back As if It's ever gonna come to that

## Blaque

So see you 'round, wave goodbye Be a bird pass me by As if I'm gonna let you break my heart again As if I'm gonna let your love back in my life Not tonight, catch my drift Baby as if (Oh, oh, oh, oh...) You gotta go, you gotta go bye-bye (Oh, oh, oh, oh...) As if (Never gonna take you back, woo!) I, I got places to go (Go) With people you don't know (You don't know 'em) We're gonna dance all nice and slow (Ha, ha, ha) Don't shake your head from left to right Saying that you've changed and now you're on my side Cause you know you just want some lucky charm And it's that game that you play So I'm moving on As if I'm ever gonna take you back As if It's ever gonna come to that So be a dear, disappear Maybe I'm not being clear As if I'm gonna let you break my heart again As if I'm gonna let your love back in my life Not tonight, get a grip Baby as if (Oh, oh, oh, oh...) No, no, no As If I'm gonna let you break my heart again As if I'm ever gonna take you back As if It's ever gonna come to that So see you 'round, wave goodbye Be a bird pass me by As if I'm gonna let you break my heart again As if I'm gonna let your love back in my life Not tonight, get a grip Baby as if I'm gonna let you break my heart again As if I'm gonna let you try and be my friend It's the end, take the hint Baby as if (He, he, he)
