

# When The Last Teardrop Falls

Blaque

It's so hard to lose the one you love  
To finally have to say goodbye  
You try to be strong but the pain keeps holdin' on  
And all that you can do is cry  
Deep within your heart you know it's time to move on  
When the fairy tale that you once knew is gone

[Chorus:]

When the last tear drop falls  
I'll still be holdin' on to all of our memories  
And all of what used to be

When the last tear drop falls  
I will stand tall  
And know that you're here with me in my heart  
When the last tear drop falls

So now I'm alone and life keeps movin' on  
But my destination still unknown, oh yeah  
Will there be a time when I'll fall in love again?  
When I was meant to walk these streets alone  
If there was just one wish I could be granted here tonight  
It would be to have you right back by my side

[Chorus]

Now it's time for me to find my happiness again  
And the emptiness from missin' you  
Will never ever end, baby

[Chorus]
