

Blasphemous Attack

Blasphemy

Chiming of three bellscall
Hear my cries for Satan I live in sin War I ride
Oh lord hear my bestial cries
Sacrificing of the lamb Son of Satan born of damned
Drink the vomit from the priest
Seven crowns of Hell prevail
[chorus]; Hail now, Black moon rise
Colding vengeance, Devotion rise
Hailing to all evil desires Pray now for destruction and hate S
atan now rising in fires Torment by all my hate
Hooded demons in black Chanting around the fires
Now the time has changed to light the candles
[chorus]
