I try to feel the sunshine while standing in the rain

They be like, I can't believe that he did it, He really escaped.?

In no time water logged and bullet ridden

(In the rain)
You try to hold me down with all your restrain
(Your restrain)
I try to feel the sunshine while standing in the rain
(In the rain)
You try to hold me down with all your restrain

No stun, I'm running with some gangstas

Not no bitchass wangstas

But some real gangsta fed my legs into a woodchipper

But the blades got caught on my bones cause I woke up screaming

And noticed that my right foot and... leg was gone

My eye popped out the socket and dangling on the cheek

They must have strangled me to sleep cause I'm unable to speak

Must have screamed just inside of my head

Cause they still think that I'm dead

They using a shovel to scrape away clumps of the red

From out the chipper they pop my legs out

So they can chop me up manual bag me up and throw me out

No sweat, give me a week and a roll of some duct tape

And a shovel to dig the rest of my body up and I'm straight
