

Supastar

Blazin' Squad

[Kenzie]

Supastar, supastar, supastar,
supastar, lets blaze it.
You're my Supastar, Im you're
number one fan by far, rollin
in my blacked out car, tinted
windows dropped made eye
contact, as a matter of fact,
I see you're body and it made
an impact on mine, come
ride with me, its 6 o'clock,
come chill on the block,
we'll go cruising, find a place
to stop, I think about you
non-stop, so i'm taking this
time just to be with you.

[Flava]

6 o'clock I never stop until
I find what i want, I find what
I want a fly chick what i want,
I rock drive through the block,
it doesn't take long cause
I'm right in the spto, I've never
seen a girl like this but she's
hot, tanned skin long legs
right on top, now I'm
with a chick in the whip and
says stop, come on lets go
straight to the club.

[Melo-D]

Come on girl let me be your
Supastar, we can ride all day,
roof down in the car, then
stop off get a cold drink at a
bar, coz you look so fine and
you shine like a star, you had
a short white skirt and your
top cut low, smooth skin and
the wind would make your
hair blow, girl your flow was
so tight I just couldn't say no,
I said jump in the ride buckle
up and lets go.

[Chorus]

Supastar, face from a movie
screen, supastar, like the
cover of a magazine, no
matter what you do, you'll
always be my supastar,
supastar, I'm your number
one fan by far, supastar.

[Krazy]

You know girl you're my

supastar, and I'm your number
one fan by far, you remind me
of a face from a movie screen,
I think I've seen you on the
cover of a magazine, wait,
hold up, was that all a dream,
no that's the film that I've
seen, I wanna touch I wanna
tease I wanna hold I wanna
please ya, and I really wanna
see you again.

[Strider]

You're my supastar girl I see
your name in lights, me and
you will reach amazing
heights, you're on the front
cover of a new magazine,
then I see your face on a
movie screen, I like everything
about ya, your body your
eyes, girl you're more
precious than a golden prize,
everytime I see ya I'm
hypnotised, I'm your number
one fan you best realise.

[Rocky B]

Jammin in a whip about
midday, in need of a chick
coz i just got played, then
I clocked dis chick walking
straight my way, a supastar
chick just like Beyonce,
she was carrying Gucci and
Prada bags, so then i thought
to myself let me help her out,
pulled over do you want a
ride, the answer was yes
how could she deny.

[Repeat Chorus]

[Krazy]

Mon cherie, don't you worry
about a thing, whether you
fail or succeed, I want you to
know, you'll always be my.

[Repeat Chorus x2]
