

# Tonight, Tonight, Tonight

Bleach

Woke up with yawn, it's dawning and I'm still alive  
Turned on my radio to start a new day  
Let's get them DJs chatting, hard to survive  
Amazing news got over on the airwaves

TONIGHT love is rationed  
TONIGHT all across the nation  
TONIGHT love is reflected world wide  
Almost another day

She's a shooting star, good night, good night  
She's a shooting star, good bye

TONIGHT love is rationed  
TONIGHT all across the nation  
TONIGHT love is reflected world wide  
Almost another day  
See you some other day
