

Tonight, Tonight, Tonight

Bleach

Woke up with yawn, it's dawning and I'm still alive
Turned on my radio to start a new day
Let's get them DJs chatting, hard to survive
Amazing news got over on the airwaves

TONIGHT love is rationed
TONIGHT all across the nation
TONIGHT love is reflected world wide
Almost another day

She's a shooting star, good night, good night
She's a shooting star, good bye

TONIGHT love is rationed
TONIGHT all across the nation
TONIGHT love is reflected world wide
Almost another day
See you some other day
