

# It Lives In Me

## Bleed from Within

Let's make this a night to remember  
Living like there is no tomorrow  
Everyone you touch will fade away  
They will never be the same

Do you believe in me?  
Do you think you have a future on your knees?  
Beg for me  
Still we try and we try but little do we know we're wasting time  
Get on your knees and beg for mercy  
Reckless is the way we'll be tonight  
Nothing can stop us now  
No nothing can stop me

Broken  
I thought you wanted to change the world  
I thought that you meant every word  
In this 'til the end  
We're in this 'til the end  
I pity you for not being here  
Do you think I envy you?  
It's so obvious  
You're living a fucking lie  
You're trembling  
You've never seen this through

But you were wrong  
You were too quick to point the finger  
With my eyes sealed shut  
You're giving up, you're giving into this  
You will never get to see this again  
If it felt right i'd understand

We're all fucked again  
Only to numb the pain  
Every night ends up the same  
We're all fucked again  
Giving up, giving in  
It's all or nothing  
Are you in this 'til the end?

This must be hell  
Another night alone  
This must be hell  
What does the future hold?  
Another night alone  
I can't deny you of your place  
You chose to walk away  
Now I see the sadness in you

I pity you for not being here  
Do you think I envy you?  
It's so obvious  
You're living a fucking lie  
I thought you wanted to change the world  
I thought that you meant every word  
In this 'til the end

We're in this 'til the end
