

## Kill to Believe

## Bleeding Through

Now what do you want from me?  
When I've sacrificed my heart so you can be set free  
And time will never cure this disease  
I'm only left with tired arms to stop from drowning

This is loveless  
Your love is hopeless

Do you remember  
On that night I couldn't find the words to say I'm sorry  
If you recall that night you ripped my heart right out  
Before saying I loved you Do you believe in this  
Do you believe in me  
If you believe in love  
Would you believe in me

So what will you take from me  
I'm the man without a soul a soul for you to seek  
And time will never cure your disease  
I'm only left with  
Tired arms to stop from drowning.

Believe in me  
I've emptied my soul  
Believe in me  
I've killed this disease now  
Time to shatter your heart  
Bring you to your knees  
I've found the strength to fight on  
And stop the bleeding

You're killing, you're not the same to me now  
Got to kill to believe
