

# She Is Dangerous

Blessed By A Broken Heart

Danger is her middle name  
Murder is her favorite game  
She's the devil in disguise

The first time we kissed  
I knew she was dangerous  
don't believe her lies

Gotta escape  
From this place  
Before it's too late

She is dangerous  
Oh so dangerous  
She is dangerous

She is dangerous  
Oh so dangerous  
She's out of control  
And her hearts on a one way road  
So where's she gonna go

Danger is running through her veins  
Murder is her claim to fame  
And she's out to be a star

She is dangerous  
Just remember this  
Don't let her get very far

Gotta escape  
From this place  
Before it's too late

She is dangerous  
Oh so dangerous  
She is dangerous

She is dangerous  
Oh so dangerous  
She's out of control  
And her hearts on a one way road  
So where's she gonna go

She is nothing but danger
