

## Eternal War

## Blessed Death

Earth in flames, sky of ash  
Total war pray for death  
There's no future, there is no past  
Run your lives are burning fast

Hell  
Fear  
Strife  
Fire  
Death  
Pain  
Eternal War

Years before and years ahead -  
War will rule your lives of dread  
Run from Hell or so you try  
But there's nowhere to hide

chorus reprise

Life born into a war  
This war will not end  
Face this life of hell on earth  
Join and kill avenge your birth
