

Buried In these Walls

Blessthefall

I found hope in misery
Sewed my eyes shut so I could see
I won't throw it away
I won't throw it away

I found truth in your denial
And I'll suffer for a while
I won't throw it away
I won't throw it away

(I won't throw it away)

Can you take me to a better place?
Somewhere I feel safe
Till we're far away?
Can you take me to a better place,
Far away?
I won't, I won't throw it away

(I won't throw it away)

(I won't throw it away)
I won't throw it away
