

## I'm Bad News, In the Best Way

Blessthefall

Tell me, what did you think when you found me lost  
And my hope was fading  
Tell me, what did you say to make me feel again  
Your voice could take me  
Don't let the darkness surround me  
Lift me up, I'll let you in  
Don't let the darkness surround me  
Lift me up, I'll let you in

I said I'm sorry and I won't forget the past regrets  
And now that's over  
I said I'm sorry you're my only one the past is gone  
And all that's over, not losing you  
And all that's over, I'm not losing you

Please take me home, please take me home,  
Please take me home, stay with me tonight  
Please take me home

Please take me home, I'm not losing you  
Please take me home, you're the one for me  
I said that you are the one for me  
For me!

I said I'm sorry and I won't forget the past regrets  
And now that's over  
I said I'm sorry you're my only one the past is gone  
And all that's over, not losing you  
And all that's over, I'm not losing you  
And all that's over, and I'm not losing you
