

## Trust Me

Bleu

I'm not above spittin' old clichés  
Just to spray you what I need to say  
And I'm not above singin' over done love songs... kinda  
like this one  
You light up my life and walk away  
It ain't easy lettin' go I know, you know

Why don't you trust me?  
Go ahead and trust me  
'Cause I think you could love me  
So go ahead and trust me  
You've been burned real bad but I won't do you like  
that

Na-nah-nah Na-nah-nah Na-nah-nah Na-nah-na

I'm not afraid of your ripped ex-boyfriend  
I've got muscles he don't even use  
And I'm not afraid of the too cool for school crowd  
thinkin' I'm a sell out  
Just because I sang my song for you  
It ain't easy lettin' go I know, you know

Why don't you trust me?  
Go ahead and trust me  
'Cause I think you could love me  
So go ahead and trust me  
You've been burned real bad but I won't do you like  
that

It ain't easy lettin' go I know, I know, I know, I  
know...

Na-nah-nah Na-nah-nah Na-nah-nah Na-nah-na

Why don't you trust me?  
Go ahead and trust me  
'Cause I think you could love me  
So go ahead and trust me  
Go ahead and trust me
