

# Ride into Obsession

Blind Guardian

Come, I show you the end  
You're dammed  
Cause no one can defy me  
Just watch these maddened creatures  
Like you they all once reached out  
A war to win  
But I'm gonna burn this vision down

Call me the father of lies  
Just watch these saddened creatures  
they've torned you into their savior

You hold your ground  
Until your last breath  
You'll twist then turn  
and now you're falling down

The battle rages on  
And forever and ever  
The wheel will turn

Let ages come and go  
The will turn now  
The wheel will turn  
Another ride into obsession  
I am reborn  
The wheel will turn now  
And I am driven to obsession

All these dying men  
try to understand  
They all followed the sign

It's a cycle's end  
There no hope  
for a while  
From the ashes arise

Can't save her  
Enjoy the flames  
So precious, so pure

and you try  
You're sure to fail  
And madness  
Is the price you've to pay

Unholy grounds  
Witness your last breath  
The cycle ends  
And you're stumbling

The battle will go on  
and forever and ever  
It's raging on

Let ages come and go

The wheel will turn now  
The wheel will turn  
Another ride into obsession  
I am reborn  
The wheel will turn now  
And I'm driven to obsession

Through the flames you'll see me  
You'll be mine, believe me  
This is the moment I long for

Wake up there's a storm to face and  
Right now while the land lies bleeding  
It's me, I conquer your soul

Still I'll be on my way  
Oh light, let me out of here I pray

And over and over and over again  
There is no beginning  
No end

This war, it still goes on  
And forever and ever  
I will return

Let ages come and go  
The wheel will turn now  
The wheel will turn  
Another ride into obsession  
I am reborn  
The wheel will turn now  
And I'm driven to obsession

Light - so serene  
True source reign over me  
There's no end and  
There's no beginning  
"You will never be alone"
