

The Eldar

Blind Guardian

I've seen the moon
And the first sunrise
I'll leave it to the memories
And kiss the wind goodbye

For the Eldar
I'm trapped inside this dream
Of the Eldar's
Song of doom

I've tasted poison
When I drank the wine of fate
But the fear was in my heart
I realized too late
The house of spirits call

For the Eldar
I'm trapped inside this dream
Of the Eldar's
Song of the doom

High's the fee
Soon my spirit will return
Welcome dawn
Your light will take me home

I say farewell

To the Eldar
I'm trapped inside this dream
Of the Eldar's
Song of doom
