

Baby One More Notch

Blind Witness

We'll drink ourselves to death
Until we're red eyed and nothing is left
So take shots at the bar (So take shots at the bar)
Until there is no more!

Add a drink to my tab!
Add a notch to my bed
We're all zombies waiting to die
We don't know why but we'll give it a try!

Add another nail to this casket
take another bill from my wallet
All I know is that I'm thirsty & I'm craving for some more!
Going through life, living a lie
So tell your fucking god to show me a sign..

My conscience is blind and my morals are deaf
I don't give a fuck I'd rather be dead
My conscience is blind and my morals are deaf
I don't give a fuck

Going through life, living a lie
So tell your fucking god to show me a sign..
It's my time to get the fuck up

Tabarnak!

Let me rot
Let me vanish
Let me sway
One more night, Drinking away.

Add a drink to my tab!
Add a notch to my bed
We're all zombies waiting to die
We don't know why but we'll give it a try

One more night, drinking away!
One more night, drinking away!
Fuck you!
