

# Have You Ever Been Lucky?

Blind Witness

I'm telling you something right now  
Something that i should have yelled so many times before  
Just take a look at your past lover you whore  
They are still suffering from your insincerity  
You've destroyed.. destroyed their integrity  
I wanna nail you on a wall  
And stone you with my words for all your sins

I hope one day you'll be able to breathe sincerity  
You were suppose to help me  
But you almost killed me  
I had trust in you now i cant even look at you  
I had trust in you now you dont wanna know what  
I would do to you  
Why would you not face all this  
So i can yell those words  
You are nothing better than a drunk as fuck one night  
You're nothing better  
You're nothing better  
You are nothing better then a drunk as fuck one night baby  
You had the singer now got a loser  
Swallow your false excuses and your true lies

You're nothing but fake  
You're nothing but fake

Theres something missing  
I can go on and on but youll never change  
If only everybody can see you as i pictured you
