

In Here

Blinded Colony

Cut me out from the belly, first light dazzling me
Gave me a name followed by a number

In here we cannot run away
In here we are meant to stay
In here, until we fade away
In here we are held back

Borders everywhere, musts everywhere
I don't know where I want to go, but I won't stay here

Late racists drew these lines
Locked up by your name in modern time
I eat, I sleep, I guard what's mine
What they call freedom I cannot find

Forced to complete in this bloody game
It's fucked how we don't complain
I cannot live with the end when I can't play

In here we cannot run away
In here we are meant to stay
In here until we fade away
In here we are fucked

What's the price of the sun?
When you own it you'll charge us all
What's the price of this earth?
Since you own it you charge us all for living, for breathing...
I can no longer breathe in here

Late racists drew these lines
Locked up by your name in modern time
I eat, I sleep, I guard what's mine
What they call freedom I cannot find
