

Hooray, It's L.A.

Blindside

You and me we should get out of this town tonight
Cause everywhere I put my foot down
Its just another concrete block waiting for me

And its a dark cold night
My spirit is freezing to ice in this heat

Could you turn around and say
Hooray, its a beautiful day L.A.
But now is the time
To pack your bags and go
Hooray, its a beautiful day L.A.
But I think I'll be gone today

I've been traveling at the speed of gasoline
And stopped by the color of electricity
We've been trying for too long
To cover up His fingerprints
From a distant past

And its a dark cold night now
My spirit is freezing to ice in this heat

Could you turn around and say
Hooray, its a beautiful day L.A.
But now is the time
To pack your bags and go
Hooray, its a beautiful day L.A.
But I think I'll be gone today

And its a damned cold night now
My spirit is freezing to ice in this heat
