

Swallow

Blindside

Been waiting and now you're sinking slow
Been watching how you rated me low
You say water is supposed to be brown
I say there's garbage in the fountain
Yeah
Taste and swallow, swallow down
swallow down, swallow down
Yeah
Been wanted for thinking slow
Now you've been longing for an open window
Get out throw out
You're thirsty no doubt
Yeah
Taste and swallow, swallow down
swallow down, swallow down
swallow down, swallow down
Taste and swallow, swallow down
swallow down, swallow down
swallow down, swallow down
Taste and swallow, swallow down
swallow down, swallow it down
