

Dead Inside

Blindspott

Swallowed whole
My insecurity again
Asphyxiated
By the reality again
Again

Inside of you
There is no me
The more you change
The more you slid
Inside of you
There is no me
The more you change
Dead inside
Your dead inside
Dead inside
Your dead inside

Drowning in your own stupidity
You cut yourself again
Wallow in your own
Self pity again
Again

Inside of you
There is no me
The more you change
The more you slid
Inside of you
There is no me
The more you change
Dead inside
Your dead inside
Dead inside
Your dead inside

Push yourself into me
To see if you've cut
Yourself again

Cut yourself again
But you don't feel a thing

Inside of you
There is no me
The more you change
The more you slid
Inside of you
There is no me
The more you change
Dead inside
Your dead inside
Dead inside
Your dead inside
