

Pray For Me

Blindspott

If I lay still
Will they hear me?
If I lay here
Will they hurt me?

No...no

No
No
Nothing that you gave
You took away from me
You will hold onto everything
But dying to be free
You would raise your hands
You would pray for me
But you won't raise the hands
That you gave to me

I won't move until they find me
If I stare too long
Will this blind me?

No...no
Pray for me

Nothing that you gave
You took away from me
You will hold onto everything
But dying to be free
You would raise your hands
You would pray for me
But you won't raise the hands
That you gave to me

I stand alone
Pray for me
