

## Pray For Me

Blindspott

If I lay still  
Will they hear me?  
If I lay here  
Will they hurt me?

No...no

No  
No  
Nothing that you gave  
You took away from me  
You will hold onto everything  
But dying to be free  
You would raise your hands  
You would pray for me  
But you won't raise the hands  
That you gave to me

I won't move until they find me  
If I stare too long  
Will this blind me?

No...no  
Pray for me

Nothing that you gave  
You took away from me  
You will hold onto everything  
But dying to be free  
You would raise your hands  
You would pray for me  
But you won't raise the hands  
That you gave to me

I stand alone  
Pray for me
