And he'll never try to give you more

And I don't care, he is such a dick

And I know you feel empty all the time
You'll never listen to anything that I say

3. Why leave when you claim it is love?

Be brave, be strong.

- R: She's better off...

(Because she fell right off her bed)
She's better off sleeping on the floor
She's better off sleeping on the floor
(Because she fell right off her bed)
She's better off sleeping on the floor
She's better off sleeping on the floor

She's better off sleeping on the floor
She's better off sleeping on the floor
(Because she fell right off her bed)
