## I'm Sorry

Don't bide your time 'Cause it is almost over And I know you're down And I'll see you around

And I know it hurts But you're just getting older And I know you'll win You'll do it once again

Just yesterday It always seemed like such a dream We're unstoppable, indestructable Nothing happens to our machine

And there's no harm At least nothing I can see As for you, not so true You couldn't choose where his road would lead

What a loss You just lost all your sleep And we've always thought That this could never happen, you see

That it's so hard You gotta get up on your feet 'Cause the only way, I gotta say Is to move on through the week

Don't bide your time 'Cause it is almost over And I know you're down And I'll see you around

And I know it hurts But you're just getting older And I know you'll win You'll do it once again

Sorry [16x] (Sorry...) Happened to you [4x]

Don't bide your time 'Cause it is almost over And I know you're down And I'll see you around

And I know it hurts But you're just getting older And I know you'll win You'll do it once again
