

# Keep Swinging

Blitz Kids

I woke up for another nightmare  
With nobody there to calm my nerve  
Just a vision of two summers playing stateside  
It seems such like another world

They tell me sit down and hush, hush  
This is how the world works  
They tell me sit down and hush, hush  
You'll die like everybody else  
They say you're only a kid and you'll forget it  
They're too scared to notice

When you're down, keep swinging  
'Cause life is a mystery  
You never know when you're gonna hit  
When you're down, keep swinging  
'Cause life is a mystery  
But you have to face it on your own  
So keep swinging

So wake up and bring me daylight  
Bring me back to where I used to live  
Growing up with everybody on my shoulders  
So much farther to fall now I'm older

They tell me sit down and hush, hush  
This is how the world works  
They tell me sit down and hush, hush  
You'll die like everybody else

When you're down, keep swinging  
'Cause life is a mystery  
You never know when you're gonna hit  
When you're down, keep swinging  
'Cause life is a mystery  
But you have to face it on your own  
So keep swinging

So live your life  
Just make the best of what you can  
You'll finish off the rest with no regrets

I need to convince myself  
That I'm gonna die like everybody else  
That I'm gonna die like everybody else

When you're down, keep swinging  
'Cause life is a mystery  
You never know when you're gonna hit  
When you're down, keep swinging  
'Cause life is a mystery  
But you have to face it on your own  
But you have to face it on your own  
So keep swinging
