

Run For Cover

Blitz Kids

Hey!

Lover lover, run run for cover
Lover lover, run run for cover
Left a bad taste in my mouth
You left my whole head
Full of doubt

Lover lover, run run for cover
Lover lover, you're starting to smother
There's a green look in your eye
Your tongue is lashing my pride

Just because we share a ring
Doesn't mean you don't know
How to make me scream,
Like no one else

Just because we share a place,
Doesn't necessarily make us safe
There's plenty else

Time will test and try,
We need to learn to savour
It passes in the blink of an eye
We'll be alright,
I've got your initials
Tattooed on my knuckles for life

Lover lover, run run for cover,
Four winters and five summers
You can stop me if I'm wrong,
But you knew this all along

Just because we share a ring
Doesn't mean you don't know
How to make me scream,
Like no one else

Just because we share a place,
Doesn't necessarily make us safe
There's plenty else

Time will test and try,
We need to learn to savour
It passes in the blink of an eye
We'll be alright,
I've got your initials
Tattooed on my knuckles for life

Calm down, calm down
You don't wanna hear it
Good things don't come for free
And the price you pay
Is time away from me

Calm down, calm down
You don't wanna hear it

I've got a brand new rule for you,
If you dish it out,
You've gotta learn to take it

Just because we share a bed,
Doesn't mean you listen to a word I say
A word I say

Time will test and try,
We need to learn to savour
It passes in the blink of an eye
We'll be alright,
I've got your initials
Tattooed on my knuckles for life
