

Among The Dead

Blitzkid

Up in the distance, stands a grove of trees
There are undead there
I want their disease

I want to be among the dead tonight
I want to stumble through a moonless night
I want to see my flesh go through decay
I wouldn't have it any other way

I think I knew you
once when my veins flowed blood
but now I'd rather
go sleep in the mud

I want to be among the dead tonight
I want to stumble through the moonless night
I want to see my flesh go through decay
I wouldn't have it any other way....oh yeah

among the dead tonight.
among the dead tonight.

(repeat first verse)

among the dead
among the dead
tonight
